## Two Main Narberth Roads to be Paved

Haverford and Windsor Avenues Come Under County Aid

Material contracts are now being awarded for 34 County Aid road projects—including two of great importance in Narberth. Borough surfacing will be Windsor avenue, from Essex to Iona, and Haverford avenue, from Narberth avenue to Montgomery Pike.

How soon the work will begin has not been announced, but bids for furnishing of materials for road construction have been advertised and received, and C. O. Cooke, superintendent of roads and bridges of Montgomery County, and his staff, are busy preparing the schedules of costs, estimates, making surveys and plans, etc., in order to get the work started as early as possible. It is expected that to avoid working a hardship on the business section and shoppers therein, the work on the two parallel streets will not be done simultaneously.

The work is being apportioned over the county in an effort to make as equal a distribution of the work as possible, in nine boroughs and twelve townships. The aid program is being worked out on the same basis as last year: 60 per cent of the expense is borne by the County of Montgomery and 40 per cent by the local municipality.

The County Commissioners responsible for the unemployment-relief speed-up are Frederick C. Peters, Foster C. Billegass and James W. Potter.

## Parking

Problems Being Tackled to Relieve Congestion in Borough

Narberth has become such a busy little community that steps must be taken to solve its parking problems. So Borough Council decided Monday night, and as a result the Planning Commission next Wednesday night will consider making a survey of the business section.

Main complication, according to Burgess Frank Schrepfer, is the parking of large trucks on Haverford avenue, unloading supplies for stores. A suggestion made years ago and revived recently at a Business Council meeting by Mrs. Ralph Heath, is expected to receive consideration: A back approach to the stores.

As for long-time parking by individuals, it is pointed out that modest fines are the only means of enforcing the one-hour parking signs; that one hour should be sufficient for anyone to shop; that unrestricted parking is permitted on Windsor and other avenues only a block or so away from the business district; that when cars are permitted to park only one hour, several can occupy the same space in the course of a day; but that when one car transgresses its time limit, the business section suffers and other would-be parkers are inconvenienced for lack of space.

Delegates From Jephtha Abbott Leave Mon. for D.A.R. Congress

## Narbrook Park

Is Public Highway Protested by 12 Residents

A petition of protest against the proposal that the borough take over and make public Narbrook Park as a public highway, was read before Narberth Council Monday night.

Signed by twelve residents, the petition asked ten questions, which it stated were asked at a meeting of the Narbrook Park Improvement Association a year ago and never were satisfactorily answered. These questions concerned methods of widening the road, whether the grass plot would be removed, whether trees would be destroyed or removed, and whether the borough would lay curbs, and how soon repairs would be made, and how much property would be confiscated in the process of changing the street.

Signers of the protest were Aldene F. Paterson, Mary G. Sharpe, Daisy M. Barnette, Roland F. Jasper, W. H. Watson, H. L. Vincent, E. Lee Goldsborough, Jr., V. A. Bailey, James W. Irvine, H. B. Street, W. W. Heindel and Anne Donohoe.

The proposal to have the street taken over by the borough was approved at the recent annual meeting of the Narbrook Park Improvement Association.

The petition was referred to the Highway Committee.

Other council activities included: Appropriation of \$100 to recondition the rooms at the borough property, 102 Conway avenue, which are to be used by the Child Health Center, which will move from the room at Elm Hall it has been using.

Appropriation of \$150 to the Harold D. Speakman Post, American Legion, for the annual Memorial Day observance in the borough.

An ordinance was passed on first reading, covering plumbing regulations as required under a new State law.

## Ditter Backed

By "Veteran Friends" in Appreciation of Congressman's Work

Re-election of Montgomery County's Congressman J. William Ditter is sought by Frank A. Schrepfer, past national commander of the Military Order of the Purple Heart—as a friend of the veterans.

Mr. Schrepfer, who is burgess of Narberth, has appointed Arthur L. Cooke, former commander of the Harold D. Speakman Post, American Legion, Narberth, and Grover O'Connor, present commander of the Valley Forge Chapter of the Military Order of the Purple Heart, to form a local committee, bi-partisan, and a detailed list of workers will be published later.

The organization will be known as "Veteran Friends of Congressman Ditter" and Mr. Schrepfer is the county chairman.

Support of Ditter by the veterans is based on the support the Congressman has given to legislation benefiting disabled veterans and the widows and orphans of service men. Also appreciated are his efforts in the interest of national defense, Mr. Schrepfer stated.

## Clean-Up Week

In Borough Will Start May 9; Collection Schedule Changed

The week of May 9 will be the annual Spring clean-up period when Narberth residents shall ransack their basements and attics for rubbish and generally police up their premises, according to George B. Supple, superintendent of public works.

On May 7 the winter schedule for the collection of ashes and trash will end, with the summer schedule to start the week of May 23, and continue every other week, on the regular days.

For the convenience of household managers these weeks are those beginning:

## Around Our Town

Ralph C. Heath, Shirley road, Narberth, sprained his ankle last week, thereby surprising a "surprise" party given in his honor Saturday.

Commendation continues, for the new style headlines of this paper. Occasionally, however, an objection, such as that of George Hansell, who says they make him violently ill. If Anti-Streamline-Headline Fever becomes epidemic, your paper will take steps. . . . Please advise. As for a better name for a better and bigger paper, "Town and Township" continues to lead all suggestions.

## Court Rejects Zoning Petition

### Injunction Against Proposed Gas Station is Dis- missed

The Montgomery County Court has dismissed a petition seeking an injunction against the construction of a gasoline station at St. James Place and Montgomery Avenue, Ardmore.

Petitioners for the injunction included Philip Staples, president of the Bell Telephone Company; Julius Ziegler, president of the Lower Merion Board of Commissioners; William H. McCreary, Mrs. Elizabeth Ritter, Edward M. Biddle, W. T. Summers, 3rd, and other residents of the neighborhood.

In dismissing the bill, Judge George C. Corson ruled, however, that the action should be held open in the event that operation of the gas station later should become a nuisance. He pointed out, in his decision, that it is located in a business district, as outlined by the Zoning Ordinance, and that another gasoline station has been in operation in the same section since 1928.

Construction of the station is sought by the Shell Union Oil Corporation.

### A New Service Station

Greet the motoring public, at the corner of Levering Mill road (Meeting House lane's Cynwyd continuation) and Belmont Avenue. It is Joseph P. Golden's. The Bala architect, who came from Colorado to graduate from the University of Pennsylvania and marry and raise a family, has in five years developed his depression-born service station into an Eastern Main Line institution. Recently, impressed with his widening range of friends, the Atlantic Refining Company bought the corner property and are now completing a new service station on it, the last word in modern convenience and appearance, and with spacious well-paved driveways. Early next week the formal opening will take place, with Mr. Golden continuing, of course, as proprietor.

### Air Mail Week

Will be marked here and nationally, May 15-21. Burgess Frank A. Schrepfer proclaimed its local observance Monday at Narberth Council meeting, and with Postmaster Joseph L. Kelley will name a committee to supervise a poster contest for grammar school children, an essay contest for high school students, etc.

Miss Mary Morian, daughter of Mr. and Mrs. Clarke H. Morian, of Anthwyn road, will entertain at luncheon, bridge, and shower, on Friday, April 15, in honor of Miss Janet Kirk Hall, daughter of Mr. and Mrs. Clarence E. Hall, of Fieldstone Farm, Langhorne, whose engagement to Mr. John James Boericke, son of Mrs. John James Boericke, of Wynnewood, and the late Mr. Boericke, has been announced.

### Marx Brothers' Comedy Plays at Egyptian This Week-End

The Egyptian presents this Friday and Saturday, "A Day at the Races," featuring the Marx Brothers, Allan Jones and Maureen O'Sullivan in a hilarious comedy.

"Happy Landings," a musical comedy, co-starring Sonja Henie and Don Ameche is playing at the Egyptian Monday and Tuesday, April 18-19.

"Charlie Chan at Monte Carlo," featuring Warner Oland is playing at the Egyptian next Wednesday and Thursday, April 20-21.

### "International Settlement" Plays at Suburban Theatre

More thrilling than the story the headlines tell is the one they have never told about the military occupation of China. An amazing drama within a drama, laid in an amazing city within a city, "International Settlement" is the picture of the hour . . . and a hundred big moments. Now at the Suburban Theatre, the film features Dolores Del Rio, George Sanders, June Lang and Dick Baldwin.

Percy Marmont, veteran screen player who was a star in the silent days, is gradually climbing back to his former eminence—this time as a character player. He is Nova Pilbeam's screen father in Alfred Hitchcock's current picture for Gaumont, "The Girl Was Young," at the Suburban Theatre, Sunday, Monday and Tuesday. Marmont recently returned from a trip around the world, including Hollywood in his itinerary.

Rudyard Kipling's "Captains Courageous," starring Spencer Tracy, Freddie Bartholomew, Lionel Barrymore, returns next Wednesday and Thursday.

"HAPPY LANDINGS" co-starring Sonja Henie and Don Ameche is playing at the Egyptian Monday and Tuesday, April 18-19.

### "Mannequin," "Baroness and Butler" at Narberth

Popular Joan Crawford and Award-winning Spencer Tracy are co-starring in "Mannequin," at the Narberth Theatre this Friday and Saturday—evenings only. For the matinee Saturday, "Tarzan's Revenge" is the feature starring Eleanor Holm . . . and there's a solid hour of short-subject comedies.

Annabella is at Narberth Monday and Tuesday, the lovely Annabella will star with William Powell in "The Baroness and the Butler."

Wednesday and Thursday, for a return engagement, "Firefly" will bring Jeanette MacDonald and Allan Jones. "Goddess Where You Find It" will end the week with George Brent and Oliver De Havilland. Excellent film fare in Technicolor.

Dolores Del Rio and George Sanders are featured in the amazing picture of the hour, "International Settlement," now playing at the Suburban Theatre, in Ardmore.

## Superstition?

Look at a good copy of Da Vinci's "Last Supper." You will see two—perhaps three—superstitions, either of their Christian origin or as the artist insinuated them. There are thirteen at the table; Judas has spilled the contents of the salt cellar; Judas has a halo. We cannot be sure that the last two were in Leonardo's painting for the refectory wall of the monastery of Santa Maria delle Grazie in Milan. If they be not his, then others have used this opportunity to locate them.

Furthermore, the Crucifixion occurred on a Friday and we have the popular superstition that the day is unlucky.

These are excellent examples of man's groping response to the Unknown. But foolish, indeed, is that observer of humanity who therefore concludes that all religion is but superstition.

There is something happening during these days of Lent that no one can fully explain. The Christian Message of this season is richer and fuller than any of its interpretations, far greater than any of its interpreters!

This is quite evident in our own community. All the churches—whatever their apparent differences—are observing Good Friday and Easter. They are presenting the same message. Their four Protestant ministers are together in a Three-Hour-Service as evidence of the unity of their theme.

Christians who do not attend any services, and even non-Christians, will nevertheless feel something of the majesty of the Crucified.

Is not this an experience worth cultivating? Why should it be reserved for a particular season of the Church Year? If it does not—or can not—fact, we shall be suspected of superstition or insincerity in thought, or the substitution of shallow sentimentalism for real emotions. Am I right?

**WE TAUGHT THE FARMER HOW  
 To Turn Cleanliness into Cash**

To provide dependably safe milk for babies, we introduced in 1914 an entirely new method of milk production—rigid sanitation on the farm, under expert instruction and laboratory control. To reward the farmer for his extra cleanly care, we originated our famous Cash Bonus plan. This new system resulted in a partnership with the farmer that produced the first milk of "A" Grade in Pennsylvania and Southern New Jersey—pure, wholesome milk, always safe for babies and children.

## The Political Pot

The local council has entertained at their luncheons many prominent men and women as their guest speakers and in securing Edna Carroll to discuss the issues of the coming primary, the council has reached its peak.

There is no woman in Pennsylvania today better qualified to discuss these issues than Mrs. Carroll. Her work as vice-chairman of the Republican Committee of Philadelphia, recording secretary of the State Council of Republican Women, and Secretary of the Legislative Committee of the State Council, has given her a wide knowledge of practical politics, and an understanding of the real issues of this campaign.

Mrs. John Y. Huber, Jr., president of the council, will preside at the meeting and will introduce the speaker.

Reservations for the luncheon should be made to Mrs. Joseph C. Ferguson, 3rd. Telephone Ardmore 4686.

One of the newer activities is the Housekeepers' Service. Well recommended women are sent into the homes of those who are ill and take over the management of the home.

A short business meeting was held previous to the program with the chairman, Mrs. J. Allen Tufft, presiding. Annual reports were given by the officers and the various chairmen of committees.

Tea was served with Mrs. W. R. O'Sullivan, Mrs. Robert Wetherald, Mrs. Henry W. Post and Mrs. Lloyd M. Church, as assisting hostesses.

The final meeting will be held in May when the election of officers will take place. The time and place will be announced later.

## Seventy Years a Musician

By Daniel I. McNamara

WALTER DAMROSCH, dean of American musicians, climbed as a tiny child upon the piano stool of his parents' home in Breslau, Silesia, more than seventy years ago, to embark upon an unparalleled musical career. Today at seventy-six, symbol of American musical culture the world over, the tall distinguished-looking, vigorous and alert Damrosch bridges a gap between the classicists of the last century and the modernists of today. His proudest boast is, "I am an American musician."

Walter Damrosch's earliest memories of his father, later the famous American conductor Leopold Damrosch, are of his being host to the elite of European musicians. The Damrosch home was a rendezvous of artists. Here were entertained Wagner, Liszt, von Bulow, Clara Schumann, Joachim, Auer and Rubinstein. Wagner was godfather for another Damrosch boy, his namesake, who died in early childhood.

The elder Damrosch brought his family to America when Walter was nine and soon became a leading figure in the New York musical scene. Walter's education was extended by trips to cultural centers of the Old World, during which he renewed his childhood acquaintances with Wagner and Liszt. He was twenty-three when his father was fatally stricken while conducting a series of Wagnerian operas at the Metropolitan, and the young man took over his baton, promptly to become recognized as the leading exponent of Wagnerian opera in the New World.

Conductor at the Metropolitan, impresario of his own German opera company, conductor of the New York Oratorio Society and of the New York Symphony Orchestra, composer, author, lecturer and educator, he has been a leader of American music for more than five decades. He has been honored with doctorates by New York University, Princeton, Columbia, Brown, Pennsylvania, University of New York State and Washington and Jefferson College.

He is president of the National Institute of Arts and Letters and a member of the American Academy of Arts and Letters.

His radio broadcasts on music appreciation have been received with growing acclaim for ten years. Now, with a weekly audience of more than seven million, these lectures are generally regarded as his crowning educational achievement.

One of his four grand operas, "The Man Without a Country," first performed May 12, 1936, was selected for reproduction by the Metropolitan as a feature of its 1937-1938 season.

A vigorous exponent of Americanism in music, Damrosch has conducted premieres of many American compositions. He is a member of the American Society of Composers, Authors and Publishers.

Recently, upon being felicitated on completion of an important musical task in the midst of many duties, he remarked with characteristic energy, "So much more remains to be done that I long for at least one hundred more years of life."

NEW SYMPHONY

Harl McDonald's Fourth Given Fine Reading by Phila. Orchestra

Harl McDonald, of St. Davids, and of the Department of Music of the University of Pennsylvania, recently has completed his fourth symphony, which was heard for the first time on Friday afternoon at the concert of the Philadelphia Orchestra, conducted by Eugene Ormandy.

Mr. McDonald's symphony proved to be an excellent work, especially in the orchestration which is full of color and very effective. The composer has used the cyclic style of composition, in that themes from the preceding movements appear in the three later ones. The general atmosphere of the symphony, with the exception of the third movement, is somewhat melancholic, especially in the slow movement and in most of the finale. On a single hearing, the third move-

ment "in the tempo of a fast cake walk" made the most favorable impression, being free in form, and, as the composer says, "orchestrally gorgeous." As a contrast the finale, which is also somewhat free in form, came as a kind of anticlimax. The work was given a very fine reading and performance by Mr. Ormandy and the members of the orchestra, and Mr. McDonald was called to the stage several times at the close.

The Civic Grand Opera Company of Philadelphia will offer a stirring revival of Verdi's "Il Trovatore" as its final bill of the season at the Academy of Music on Thursday evening, April 21. The performance should be especially welcome to music lovers, since notwithstanding the authority of its position as a standard classic, melodious, dramatic, arresting, "Il Trovatore" has been absent from the local boards for a number of seasons.

Fourth Grade Activities

Miss Henry is a fourth grade home-room teacher, but teaches the fourth and fifth grades arithmetic.

The fourth grade at the beginning of the year reviewed the tables and regular addition, subtraction, multiplication and division. They use "Flash Cards" for accurate and rapid work. Now long division is being studied.

The fifth grade is studying addition, subtraction, multiplication and division of fractions. They have relay races. That is, each row passes to the board and are given a problem. The child with the first correct answer is winner for that row. Then the winners have a race.

Miss Dale is a home room teacher for the fifth grade and teaches history and civics to the fourth and fifth grades.

From the beginning of the year the fourth grade studied about the early peoples of the world. Now they are studying the travels of Marco Polo. They made a cathedral in connection with the early town, and because it was the thing prized most highly in those times.

The fifth grade studied the settlement of America and its explorers. They also learned of the struggle between France and England. Now they are being taught of the movement westward. In connection with their work, they are constructing a colonial kitchen in the corner of the room. The class is divided into six committees. They are as follows:

1. Working on walls, fireplace and floor.
2. Working on ladderback chair, a trunk, chest, candle dripper, a butter churn, and a gridiron.
3. Pewter dishes, candle, hour glass, candle mould.
4. Lantern, bellows, brush and broom, shovel and tongs, warming pans, snuffers, cradle, wooden spoons, bowls and pitchers.
5. Andirons, wooden basket, musket, powder horn, table and kettles.
6. Rug, and dressing a doll.

ELEANOR HAYWOOD.

The fourth and fifth grade literature teacher is Miss Rarick.

In the fourth grade the pupils had a rubber exhibit, and also made pet booklets. They studied the children of all countries and had an auditorium program about them. Now they are studying China. The students planted lilies of the valley for Easter gifts. They are making a series of illustrations of children of lands that were read about in library books.

The fifth grade was interested in winter sports. They read and wrote stories about sports. They studied heroes such as Helen Keller and learned to read braille. They drew illustrations of the Nuremberg Stone before seeing the play at the Erlanger Theater.

Miss White teaches geography in the fourth and fifth grades.

The fifth grade is studying the United States. The five-one made a panel of the New England States. The five-two gave a dramatization for one of their assembly programs. The boys represented New England and the girls the western states.

The fourth grade is studying different peoples of the earth. They are making a frieze of the countries they have studied.

Lawns

NO MATTER how good your  
lawn was last year or how well  
it has come through the winter,  
it needs a good raking—rolling  
and fertilization. A moderate re-  
seeding will help to thicken  
grass this summer.

IN SOWING grass seed it is best  
to broadcast in two directions—  
at right angles to each other  
and using one-half of the seed  
each way.

WHERE GRADING has been  
done on your new lawn, be sure  
the ground has fully settled be-  
fore you seed it. It is difficult  
to get rid of the unevenness af-  
ter grass has come.

THE PRESENCE of moss on  
your lawn indicates either a sour  
or impoverished soil. For the  
first, apply hydrated lime and for  
the second use a good quality  
of fertilizer. Practically any  
soil, however, will benefit by an  
application of lime followed a  
week or two later by fertilizer.  
Do not apply both too close to-  
gether.

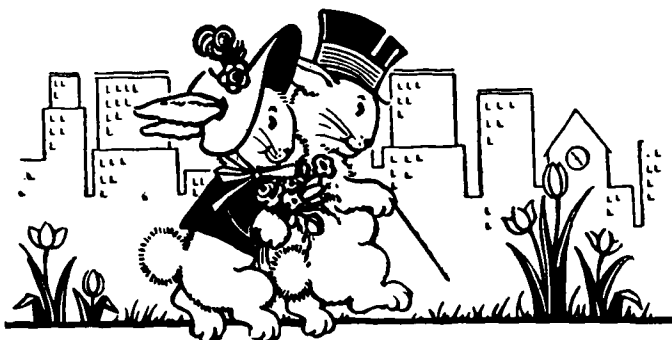

WHETHER ON the lawn or in  
the garden, deep moisture en-  
courages deep rooting. One thor-  
ough wetting that gets the water  
deep down, is better than several  
light sprinklings.

AFTER YOU HAVE applied  
Lawn Enricher or fertilizer, go  
over the lawn with the back of  
the rake so as to remove it from  
the leaves and then wet thor-  
oughly so that the fertilizer will  
get down to the roots.

RAKE YOUR GRASS before cut-  
ting. Crab grass and other weeds  
lie close to the ground and this  
makes sure getting cut. With  
most weeds, the growth is at the  
ends while with grass it is at the  
base.

GRASS is fully hardy and a  
lawn that is vigorous and in  
good condition should not be  
protected during the winter. In  
fact protection does more harm  
than good.

man's School and Mr. Oram is a

School of the University of Pennsylv-  
vania.

## L. M. Commission Seeks Zone Change

Bala - Cynwyd Neighborhood Club Board Votes to Inform Members

### HEARING IS WEDNESDAY

Next Wednesday evening at eight, at the regular monthly Township Commission meeting in Ardmore, a public hearing will be held on a proposed amendment to the Lower Merion Zoning Ordinance of 1927. Purpose: To give the commission power to make exception to the ordinance without the approval of the Board of Adjustment.

Opposition to the amendment is expected to be voiced by several citizens, including Walter R. Faries, of Bala, and Everett H. Bickley, of Cynwyd, and Bala Commissioner George W. Brown and West Manayunk Commissioner C. Brooke Jones.

The executive board of the Bala-Cynwyd Neighborhood Club decided Tuesday night to inform all club members of the measure, so that they might attend the hearing. It was the Neighborhood Club which by public meeting and widespread canvass was largely responsible for adoption of the zoning ordinance.

Section 1300 of the zoning ordinance, which at present makes an exception for utilities, reads thus:

"Buildings of Public Service Corporations. This ordinance shall not apply to any existing or proposed building, or extension thereof, used or to be used by a public service corporation, if, upon petition of the corporation, the Public Service Commission shall, after a public hearing, decide that the present or proposed situation of the building in question is reasonably necessary for the convenience or welfare of the public."

Under the proposed amendment, Section 1300 would continue:

"and this ordinance shall not apply to any building of the Township of Lower Merion, or extension thereof, or to the use of any premises by said Township if at any time hereafter the Board of Township Commissioners shall, after a public hearing, decide that such building, or extension thereof, or that such use is reasonably necessary for the convenience or welfare of the public."

## James L. Sanford

Funeral Held Tuesday Morning; Died in Automobile Crash

Mr. Sanford, who was 40 and lived at 528 Glenwood road, Merion, died as the result of injuries sustained in the accident on the afternoon of April 6.

Services were held at 9 o'clock at 270 South 20th street, Philadelphia, Tuesday morning, followed by a Solemn Requiem Mass at 10:30 A. M. at St. Margaret's Church.

Mr. Sanford was returning from a business trip to New York when the accident occurred about 4:30 P. M. on Route 1, fifteen miles south of New Brunswick.

According to police, a car going in the opposite direction blew a tire and crashed into Sanford's car. Several others were said to have been seriously injured.

Sanford was sales manager of the By-Products Steel Corporation which is a subsidiary of the Lukens Iron and Steel Company. He was a graduate of Lehigh University where he played football and was a heavyweight boxer.

During the war he was in the service and is a member of the American Legion. He was director of the Catholic Young Men's Association, and Captain of the Laymen's Retreat League at Malvern.

He was assistant treasurer of the Narberth Baseball Club, coach of the Narberth Boys' Club football team, and president of the Narberth Bowling Club.

His wife was at his bedside when he died at 2:30 A. M. Thursday. The last rites of the church were administered before his death.

In addition to his wife, he is survived by his mother a sister and two children. He had been a resident of the Main Line for the past ten years.

## Excellent Cast for 'Yeomen of Guard'

Popular Gilbert and Sullivan Operetta Will be Given May 6 and 7

Against the background of the grim old Tower of London, once a palace of kings, but now (in the 16th Century) a formidable prison, will appear the famous Yeomen of the Guard, whose colorful uniforms and traditional deeds of daring remain unchanged since their origin in the 15th Century. The Tower Green will be the stage of the Woman's Club and the Yeomen, Tower Warders, citizens and others will be the chorus of the Bala-Cynwyd Choral. The lieutenant, jailer, house-keeper of the Tower and other leading roles will be played by a cast which offers some new and outstanding talent, to the ever delightful music of Gilbert and Sullivan.

Two of the most pleasing new voices are those of instrumentalists, Stanley Zeman, who plays the role of "Sergeant Merryl," a Yeoman of the Guard, devoted his work in music to the piano until a few years ago when he took up vocal study.

The lovely leading lady, Miss Ruth Von Hagen, suits her role of a strolling singer, though she has other accomplishments. Coming from a family of musicians generations back, Miss Von Hagen has played both piano and violin since childhood and will soon appear as violinist and vocal soloist with the Swarthmore Symphony Concert.

There will be two splendid pictures, April 29 and April 30, "Merrily We Live," and "The Big City," April 25 and April 26. Books for membership (\$1.00) will be in local stores. There will also be a door to door canvass.

They were the winners at the spelling match held at the Suburban Friday night. The ninth girl on the team, who did not wait in the foyer after the match is asked to phone her name to Mrs. Floyd, Merion 1128. Joanne McLaughlin, of Ardmore, will be the alternate.

Slides of Youth Hostels in Europe and New England were shown by Miss Kathleen Webb, of the Dairy Council, at the Main Line Leaders' Association supper Monday night.

Mrs. Guy L. Cornman, chairman of training and personnel on the Main Line Committee and leader of the Main Line Girl Scout Mounted Troop, described the horseshoe trail route with farm Youth Hostels 15 miles apart. The mounted expects to take this route this summer.

The Hostels are places to cook and sleep which the owners give free to holders of Youth Hostel membership cards, who come in groups traveling on foot, bicycle or horseback. There are separate quarters for boys and girls and the owner acts as house mother.

The new Atlantic station will have an announcement next week. (adv.)
